Short Course Pack Burro Race

2025 Short Course Map

12.3 miles approx.

1,000 ft. elevation gain approx.

85% dirt/rock/grass 15% pavement

= Gate **= Start/Finish**

Last Updated: May 2025

While the new course is shorter than the traditional course, racers will find a more challenging experience with several steep ascents and descents after diverging from the original outbound path. Racers will navigate wooded dirt roads, giving access to beautiful views of the surrounding mountains and will be greeted by a tranquil high alpine pond as they pass the halfway point. Upon completing the loop, burro teams will finish the race along the traditional inbound trail.
